13. ELIGIBILITY OF PLAYERS

- 13.1. Any Player properly registered with Baseball Queensland including a non-national, who has been a bona-fide resident of Australia for a continuous period of no fewer than three (3) months prior to the first game of the Championship, shall be eligible to represent Queensland provided he or she meets the provisions of Section 13.2.
- 13.2. Status Determination is as follows:
 - 13.2.1. If a team in a State Championships perceives that a determination of eligibility for one of its Players is required, such a request must be submitted to BQ no later than two (2) months before the Championships.

 - 13.2.2.1.1. Players who seek to cross regional boundaries, by mutual agreement between the parties, to represent a Region in which they are not domiciled.
 - 13.2.2.1.2. Any other anomaly or questionable Player eligibility issues.

A Medical Authority Form must be signed by a parent or guardian of each competing under-age Player or any other under-age person (e.g. batboys/girls) participating with the team, in which an authority is given in respect of any medical or hospital attention (including an operation) which may be required as a result of any injury or illness sustained. This Form is not to be amended under any circumstances. All adult Players must also complete the Medical Authority Form. A copy of the Medical Authority must always be available while the team is participating.
- 13.4. Friendship Players
 - 13.4.1. It is a fundamental assumption of this policy that a team exhausts all possible avenues to secure as many Players from within their own boundaries. If the team is unable to field a team from within its own boundaries, it is then entitled to make a request to the BQ Development Manager to secure Players from other Regions.
 - 13.4.2. Within two (2) months from the commencement of the respective Championships, only those Players appearing on a Regional team's roster are explicitly protected from acquisition by another Region.
 - 13.4.3. In order to be eligible to become a friendship Player for another Region, Players must have registered and trialled unsuccessfully for their respective home Region. Players who choose NOT to trial for their respective home Regions will be ineligible to be considered as friendship Players.

- 13.4.4. Players wishing to be eligible as Friendship Players are required to register their interest online within the specified time frames as set forth by BQ. At the completion of the registration process registered Players will form the friendship Player selection pool. This Player pool will be initially shared with all regions to ensure all Players are cleared of any financial liability to any affiliated organisation that would void a Player's eligibility. In making themselves available, those Players are committing themselves to represent the relevant Region and the costs associated with that representation.
- 13.4.5. Friendship Player Selection – the Tournament Director will circulate the list of approved (financial and eligible) Friendship Players to those Regions in need of Players. The respective Regional Team Head Coach and Region Committee will complete selection of Friendship Players. If considered for a Friendship position, Players will be contacted directly by the Region offering a playing opportunity/roster position. Once a Friendship Player is selected, they are able to come back to represent their home Region up until a reasonable date set by BQ prior to the tournament. This date will take into consideration being able to find a Player to replace the original appointed Player and make any necessary changes to flights and other relevant details.
- 13.4.6. The relevant Region(s) will be notified of the selections and provided two (2) working days to lodge a valid written objection for not providing a clearance. Should a valid objection not be forthcoming within the specified timeframe, Players shall be regarded as cleared. Should the Region refuse clearance, BQ will seek the reasons for such a refusal and seek to resolve any issues to the satisfaction of all parties. BQ retains the right to ultimately provide clearance or refuse clearance to any Players making themselves available as Friendship Players.

14. PLAYER PARTICIPATION AGREEMENTS

This must be conducted in the presence of the Player and an independent adult witness.

Anyone who breaches this policy of zero sexual harassment will be removed from the event and banned for at least one (1) year subject to a decision from the Tribunal Committee. Sexual Harassment is defined as any unwanted, unwelcome or uninvited

behaviour of a sexual nature which makes a person feel humiliated, intimidated or offended. Sexual harassment can take many different forms and may include physical contact, verbal comments, jokes, propositions, and the display of offensive material or other behaviour, which creates a sexually hostile playing environment. Sexual harassment is against the law and will be punished accordingly.

- 15.5. BA Anti-Doping Policy (to which BQ adheres) supports a drug free environment in the sport of baseball for its Players, Coaches and Officials. All participants are directed to www.asada.gov.au to check all medications and have a clear understanding on the implications of drugs in sport.

30. RANKING THE TEAMS

- 30.1. U16, U18, Youth Women, and Women's Championship teams will be ranked by the points they have scored in the round robin games.
- 30.2. Where two (2) or more teams score the same number of points, the "head-to-head" method will be used to separate them.
- 30.3. If this fails to separate the teams, the following method will be used:
 - 30.3.1. The highest ranking will be awarded to the team which allowed the fewest runs in the game(s) contested by those teams (which are tied) requiring separation.
 - 30.3.2. The remaining teams will then be ranked according to the results of "head-to-head" games between them. If remaining teams are tied then the tiebreaker reverts to the fewest runs allowed in the games contested by those teams (which are tied) method and then back to "head-to-head", and so forth.
 - 30.3.3. If teams are still tied, ranking will be according to the lowest number of runs allowed by each of the tied teams against the highest ranked team in the competition, then the next highest team and so on. The team with the least runs allowed will be the higher-ranking team then the remaining teams will revert to the "head-to-head". If remaining teams are still tied, revert to using the fewest runs allowed in the games contested by those teams, and then back to "head-to-head" and so forth.
 - 30.3.4. The "head to head" process will determine the ranking of the final two (2) teams in the above situation.
- 30.4. The Champion Region/Team
 - 30.4.1. The Champion Region/Team will be the team who wins the Championship Final.
 - 30.4.2. If the Championship Final fails to decide the Champion Region/Team (e.g. game abandoned due to weather, light, etc.) then the team which finished the most recently completed round in the highest position will be declared State Champion.
- 30.5. Championships Affected by Abandoned Games – Where fewer than the total number of games scheduled for a Championship is completed as the result of "Abandoned Games", the Winning Region/Team will be determined as follows:

- 30.5.1. For a Region/Team which completed all of its scheduled games, the number of competition points which it has actually scored will be divided by the number of points which it could have scored if it had won all games in which it competed, and a percentage determined.
- 30.5.2. For a Region/Team which completed fewer than the number of its scheduled games the number of competition points actually scored by the Region/Team will be divided by the number of points it could have scored had it won all games in which it competed, and a percentage determined.
- 30.5.3. In comparing the percentages calculated in accordance with (30.5.1) and (30.5.2) above, the higher percentage is better than the lower percentage.
- 30.5.4. When highest percentages are equal then the highest points actually scored will determine the higher place.
- 30.5.5. When the highest points scored are the same then a “head-to-head” method will apply.
- 30.5.6. When the “head-to-head” result is equal, the “head-to-head” method will be used against the same teams finishing above or below the teams involved with the “head-to-head” method.
- 30.5.7. In the event two (2), three (3) or more teams tie, and the “head-to-head” method does not resolve the order of ranking, then the following method is to apply:
 - 30.5.7.1. The fewest runs allowed in the games played between the tied teams.
 - 30.5.7.2. The fewest runs allowed in the games played against teams above the tied teams.
 - 30.5.7.3. The fewest runs allowed in the games played against teams immediately below the tied Teams.

 - 31.6.5. The active pitcher will be permitted to warm up prior to taking the mound by throwing in foul territory adjacent to their dugout.

 - 31.8.5. Pitching changes must be made by a visit to the mound. Any attempt to move the pitcher to a defensive position on a second visit by going directly to the Plate Umpire is a circumvention of the rule and is not permitted.
 - 31.8.6. All substitutions must be made via the Plate Umpire and recorded by Scorers. It is recommended that Managers send a runner to the Scorer, where possible, with

written advice of substitutions to be made. NB: these substitutions do not come into effect until the Umpire Officially notifies the scorer.

- 31.8.7. Teams are not permitted to utilise a “Runner for the Catcher”. Managers are to ensure a bench player is ready in appropriate catching gear, to warm up the pitcher between innings.

- 33.11. No rest days are required after a Short pitching assignment. However, for two (2) Short Assignments on successive days or on the same day, one (1) day's rest is required from pitching and catching.
- 33.12. If a Player is removed from pitching after completing a second Short Assignment on the same day, he or she shall leave the game and may not participate any further on that day.
- 33.13. An "assignment" is any pitching role of any length in any game: the delivery of even one (1) pitch shall be considered one assignment.
- 33.14. A Player once removed, as a pitcher may not pitch again in the same game.
- 33.15. The scorers shall indicate in the scorebook the game contribution for each pitcher and when the pitcher may next play.
- 33.16. Penalties for failing to adhere to participation and/or pitching regulations
 - 33.16.1. Using a pitcher who has not had the required rest in either a pitching or defensive capacity is considered a serious breach, as it exposes the Player to an increased injury risk. In most cases, such use will be penalised by the suspension of the Manager for at least one (1) game, as well as the monetary penalty outlined below. In order to prevent Managers flaunting this rule in the knowledge that the following game is a lesser priority, the duration of the suspension is at the discretion of the Tournament Director and may be extended to include suspension for the remainder of the tournament.

34. PITCHER/CATCHER RULE (For under-age Players at all Championships)

- 34.1. Any Player who has played the position of catcher in four (4) or more innings, is not eligible to pitch on that calendar day. - 34.2. A pitcher who exceeds a Short Assignment in a game cannot play the position of catcher for the remainder of that day.

- 35.1. Collisions at home plate
 - 35.1.1. A runner attempting to score may not deviate from his direct pathway to the plate in order to initiate contact with the catcher (or other Player covering home plate). If, in the judgment of the Umpire, a runner attempting to score initiates contact with the catcher (or other Player covering home plate) in such a manner, the Umpire shall declare the runner out (even if the Player covering home plate loses possession of the ball). In such circumstances, the Umpire shall call the ball dead, and all other base runners shall return to the last base touched at the time of the collision.
 - 35.1.2. *Rule of Baseball 7.13 Comment:* The failure by the runner to make an effort to touch the plate, the runner's lowering of the shoulder, or the runner's pushing through with his or her hands, elbows or arms, would support a determination that the runner deviated from the pathway in order to initiate contact with the catcher in violation of Rule 7.13. If the runner slides into the plate in an appropriate manner, he/she shall not be adjudged to have violated Rule 7.13. A slide shall be deemed appropriate, in the case of a feet first slide, if the runner's buttocks and legs should hit the ground before contact with the catcher. In the case of a head-first slide, a runner shall be deemed to have slid appropriately if his or her body should hit the ground before contact with the catcher.
 - 35.1.3. Unless the catcher is in possession of the ball, the catcher cannot block the pathway of the runner as he or she is attempting to score. If, in the judgment of the Umpire, the catcher without possession of the ball blocks the pathway of the runner, the Umpire shall call or signal the runner safe. Notwithstanding the above, it shall not be considered a violation of this Rule 7.13 if the catcher blocks the pathway of the runner in order to field a throw, and the Umpire determines that the catcher could not have fielded the ball without blocking the pathway of the runner and that contact with the runner was unavoidable.

- 37.8. A substitute player will not have a turn at bat and will not accrue defensive outs while playing as the substitute for a player removed to prepare to pitch. A substitute entered under this rule, plays defence only.

- 37.10. The manager is to inform both the scorers and the umpire when removing a player from the game in order to prepare them to re-enter as the pitcher.
